

Configurar desvío de llamadas

1- Debe ir al dashboard:

The screenshot shows the website usatelk.com/es/ with a dark navigation bar. The 'Dashboard' link is highlighted with a green box, and a green arrow points down to it. The navigation bar includes links for Inicio, Funcionamiento, Precios, Streaming, Mas Servicios, Dashboard, Descargas, Contacto, and Acceso. Below the navigation bar is a support banner with phone numbers for Mexico and a language selector. Further down is a promotional banner for office furniture with a 'REGISTRATE GRATIS' button.

2- deb ir a MY SERVICES

The screenshot shows a web browser at the URL usatelk.com/es/dashboard. The user is logged in as 'ventas630'. The dashboard includes navigation tabs for 'Invoices', 'Payments', and 'Tickets'. A sidebar menu on the left contains the following items: 'PBXWW PANEL', 'MY DETAILS', 'INVOICES', 'MY SERVICES' (highlighted with a green arrow and box), 'CALL HISTORY', 'SMS HISTORY', 'MY PAYMENTS', and 'TICKETS'. The main content area displays the 'PBXww dashboard' with a 'Service Description' section. The description states: 'Advanced Call Forwarding (PBXww) is an extremely powerful and easy-to-use tool for managing and directing incoming phone calls, essentially operating as your own hosted telephony service. By using the PBXww control panel, you are able to easily receive calls from local numbers, forward calls to any phone number or VoIP destination, play back custom recorded messages to callers, direct calls using extension numbers, send calls to a voice-mail box, receive faxes and forward them to an email address and host conference calls.' Below this, it mentions that the service is quickly and easily configured via a web interface. A 'Launch PBXww' button is visible in the top right of the main content area. A blue banner at the bottom right reads 'Atención al Cliente' with a dropdown arrow. A small image of a smiling man in a suit with a headset is also present in the bottom right corner.

3- Debe ir a my details:

Desconectar
